RESPONSE TO INTERVIEW SUMMARY

In response to the Interview Summary mailed October 17, 2006, Applicants Representative James M. McPherson respectfully disagrees with Examiner's assertion that an agreement was reached that claim 37 is anticipated by Esposito. While the Examiner is correct in stating that it was asserted by the Examiner that the rejection is based upon an alternative reading of the claim, Applicants Representative never explicitly or implicitly acquiesced to the rejection. To the contrary, as stated in the Office Action Response submitted October 20, 2006, Applicants Representative believes that the Examiner has clearly misinterpreted the scope of claim 37. Should the Examiner have any question or wish to further discuss this application, Applicant requests that the Examiner contact the undersigned at (248) 292-2920.
